

FIRST COMMISSIONING

By booking a First Commissioning with BROEN-LAB, you ensure that your Emergency Shower System is correctly installed from the start. Our experts are ready to assist you with a professional and thorough setup, allowing you to focus on your core tasks without worries.

A First Commissioning includes:

- Overview of installation
- Test of installation
- Detailed report with conclusions about the installation
- Information about EN15154 / ANSI Z358.1 standard

We review your installation immediately after setup and again after 12 months.
